

Congress OK's Arms Budget

15.5 Billions To Go For U.S. Defenses

Washington, Oct. 18—(AP)—Congress put its final stamp of approval today on a record peace-time military appropriation of \$15,585,863,498 including funds to build the air force up to 58 groups.

The Senate bowed finally to House insistence on giving the air force some ten groups and \$740,000,000 more than President Truman had requested for it.

Its action apparently reflected increased concern for U. S. defenses since the president announced recently that an atomic explosion had occurred in Russia.

Radar Screen Approved
Concern over the possibility of atomic attack was shown also by \$50,000,000 provided to start construction of a vast radar screen.

This network, designed to warn the United States of any enemy air attack, is to be operated in cooperation with a similar Canadian screen. It will include radar outposts on land and radar picket vessels operated offshore by the navy. Under a law passed previously by congress, the air force will direct the network.

Agreement on the record military fund cleared away one of the last big obstacles to adjournment of this session of congress. Senator Lucas of Illinois, the democratic Senate leader, told reporters that the lawmakers may be able to head for home tomorrow.

The big appropriation breaks down this way:
Army—\$4,380,644,298 in cash.
Navy—\$4,928,228,200, of which \$4,285,382,200 is in cash and \$642,846,000 in authority to enter into contracts.

6 Billion To Air Force
Air force—\$6,081,141,000, of which \$4,088,386,000 is cash and \$1,992,755,000 in contract authority.

Radar screen—\$50,000,000.
Administration of the military establishment and salaries paid in guided missile research—precise amounts not yet available.

Since President Truman favored an air force of about 48 groups instead of the larger force for which congress provided funds, a question arose as to whether he will spend the extra money or withhold it by administrative action.
Senator Lucas, the democratic leader, told reporters he thought the president would spend the additional funds. But Charles G. Ross, Mr. Truman's press secretary, declined to forecast his action. And Chairman Vinson D-Ga of the House armed services committee observed that Secretary of Defense Johnson feels the military budget is \$800,000 too high.

20 British Seamen Lost As Carrier, Freighter Collide

Berwick, Eng., Oct. 18—(AP)—The unfinished aircraft carrier Albion and a coal freighter collided in a gale off England's north sea coast today and 20 British seamen were lost.

The 20 went down with the 2,025-ton steamer Maystone. Only four of her crew of 24 were picked by the civilian crew of the Albion. The freighter, which was carrying coal with Methil, Scotland, to London, sank immediately.

The 18,300-ton Albion, fourth of the light Hermes class, was being towed by tugs from the Jarroo shipyard to the Scottish drydock at Rosyth for completion. Holed on the portside near her propellers, she continued on her way, though a naval spokesman said he was weathering "tremendous difficulties" in the heavy seas.

Howling winds blew down trees and damaged roofs in many parts of England. One 50-mile-an-hour gust smashed the \$4,400-ton liner Caronia into a quay at Southampton while she was docking, denting two of her plates. Three passengers and a crew member suffered injuries from buffeting, 50-foot high seas as she approached Southampton.

National Guard Has 20,000 Men

Chicago, Oct. 18—(AP)—Illinois national guard strength has passed the 20,000 mark, Maj. Gen. Joseph A. Teece, its commander, announced today.

Teece said the present enrollment, 20,019, is the largest in peacetime history for the Illinois guard.
Enlistments numbered 1,115 during the last 30 days. The general said he believes recent pay raises for the armed forces by congress was one of the factors in recruiting success.

Symington Blasts Navy Critics Of Air Force Bomber

Washington, Oct. 18—(AP)—Air Secretary Symington today roundly denounced navy critics who have called the B-36 bomber a "billion dollar blunder" and said they have exposed some of this country's top military secrets.

Testifying before the House Armed Services committee, Symington urged a greater U. S. air fleet to counter Russia's possession of the atomic bomb.

He said he favors a minimum of 70 air groups—compared with the 58 groups approved by Senate-House conferees. And he said President Truman agrees with him on the 70-group figure when the nation can afford it.

As lead-off man for the air force and the army is replying to bitter navy attacks on the military high command, Symington said that under the present circumstances he favors a single force to deliver long-range attacks against the enemy in the event of war.

This is known in military parlance as "strategic bombing"—striking at objectives in the heart of the enemy's homeland—in contrast to "tactical bombing" or the aerial support of ground troops.

"If we can afford only one strategic bombing force, I think it should be the air force, and I don't think we can afford more than that," Symington told the lawmakers.

Truman Appoints Wallgren To U.S. Power Commission

Washington, Oct. 18—(AP)—Ignoring previous Senate snubs, President Truman today named his old capitol cory Mon C. Wallgren to the Federal Power Commission as replacement for Leland Olds whom the lawmakers black-balled last week.

He also picked James M. Mead, another companion of his Senate days, to serve on the Federal Trade Commission to succeed Garland S. Ferguson who is resigning November 15 after 22 years with the FTC. Both Wallgren and Mead are democrats.

Shortly after the nominations reached Capitol Hill, the Senate commerce committee stamped its unanimous approval on the president's choices for the two \$15,000 a year posts.

This speedy action was in marked contrast to the reception Wallgren received last March when the Senate armed services committee voted 7 to 6 against his confirmation as chairman of the National Security Resources Board.

Says Contractor Made 48% Profit On State Projects
Chicago, Oct. 18—(AP)—A former employee of the J. L. Simmons company, Chicago contractors, claimed today Simmons made as much as 48 per cent profit on Illinois State contracts. He said the company's profit on private contracts averaged 12 per cent.

David Clyman, 55, formerly an architectural engineer for Simmons, sued for a judgment which would require the company to pay him a bonus based on six per cent of Simmons' annual profits during the time he was employed by the firm.

Clyman, in his Circuit Court suit, said such a bonus was promised him but never paid.
A company spokesman termed the suit "highly fantastic." He said the company does not give bonuses.

LAST COMMIE OUSTED FROM NORWIE RULE
Oslo, Norway, Oct. 18—(AP)—A final count of the votes in Norway's Oct. 10 election today eliminated the one seat in parliament which the communists believed they had salvaged from their overwhelming defeat.

Norway thus becomes the only western European country with no communists represented in her new parliament.

Princess Elizabeth Tells Britons To Mend Morals
London, Oct. 18—(AP)—Princess Elizabeth told Britons today to mend their morals and slow down on divorces.

The heiress to the throne voiced alarm at the divorce rate in the sharpest statement that has come in years from any member of the Royal family. It broke tradition, and recalled the time 13 years ago when another outspoken member of the Royal family—Elizabeth's uncle, King Edward—gave up the throne to marry an American divorcee. Usually, British royalty avoids public mention of controversial matters and speaks only along inspirational lines.

Princess Elizabeth, who is 22 and a mother herself, told a mothers' union meeting that divorce and lax morals endanger the British family's foundations.

"We live in an age of growing self-indulgence, of hardening materialism and of falling moral standards," Elizabeth said. "I would go so far as to say that some of the very principles on which the family, and therefore the health of the nation, is founded are in danger."

"When we see around us the havoc which has been wrought, above all among the children, by the breakup of homes, we can have no doubt that divorce and separation are responsible for some of the darkest evils in our society today."

"I do not think you can perform any finer service than to help maintain the Christian doctrine that the relationship of husband and wife is a permanent one, not to be lightly broken because of difficulties or quarrels."

Steps Up Efforts To End Strikes

Illinois News Briefs

Named To VRC
Springfield, Ill., Oct. 18—(AP)—Appointment of Dr. David Jordan of Danville as staff psychiatrist of the state veterans rehabilitation clinic at Champaign was announced today.

Dr. Jordan was named by Dr. David Slight, superintendent of the state division of veterans' rehabilitation centers. He succeeds Dr. Richard L. Jenkins, who resigned to take a federal post.

Admits Negro Church
Granite City, Ill., Oct. 18—(AP)—A negro congregation has been admitted to the Southern Illinois district of the Lutheran church in a move unprecedented in the district's 96-year history.

Acceptance of the Berea Lutheran church of Alton was voted unanimously last night by 85 pastors representing churches throughout Southern Illinois.

Traffic Deaths Down
Springfield, Ill., Oct. 18—(AP)—Motor vehicle fatalities on Illinois highways were down 23 per cent last month compared with September, 1948. The state highway division reported today.

One hundred forty three persons were killed in September, 1949. Deaths for the corresponding month a year ago totaled 185.

Bonus Checks
Chicago, Oct. 18—(AP)—One hundred eighty bonus warrants worth \$29,915.18 were mailed to Illinois World War II veterans yesterday, the state service recognition board reported.

Thus far, 440,559 Cook county veterans have been granted bonuses and 428,949 were approved for down-staters. The total value of bonuses awarded to date is \$314,511,803.64.

Clerk Strike Still On
Herrin, Ill., Oct. 18—(AP)—A strike of AFL Herrin retail clerks seeking a 40-hour week passed its second week yesterday. Both sides said no new negotiations were on schedule.

Hat Saves Boy
Mascoutah, Ill., Oct. 18—(AP)—A leather cap band was credited with sparing six-year-old Leroy Hamann who was struck by a stray bullet. He was walking with his father, Elmer, when a 22 slug struck the hat band Sunday and dropped inside his shirt. Police were unable to trace the source of the shot.

Torrential Rains Claim 1,000 Lives In Guatemala
Guatemala, Guatemala, Oct. 18—(AP)—Torrential rains and floods over Guatemala's richest banana, coffee and cacao lands were reported today to have taken up to 1,000 lives and left 80,000 to 70,000 homeless. The government said it was a national disaster.

The U. S. air force base here ordered a search for a missing Catalina believed to have been dispatched from Panama on a relief mission. Trapped by the flood waters were 26 American tourists. Fifteen had been marooned more than a week at the village of Panajachel on Lake Atitlan, 40 miles north of this city, and 11 were at Chichicastenango.

Rains which began 16 days ago swelled to torrents the last three or four days, washing out roads and destroying communications.

A foreign official spokesman estimated the dead at 1,000, though police had tabulated only 171 dead by actual count. President Juan Jose Arévalo said 300 were known dead. U. S. embassy sources estimated the economic loss at \$15,000,000 or more.

FIRE DAMAGES LINER
St. Nazaire, France, Oct. 18—(AP)—An exploding acetylene tank set afire some 100 cabins today aboard the former German liner "Europa," being refitted here as the "Liberte."

After four hours firemen halted the spread of the flames.

U.S. May Use Taft-Hartley Law If Necessary

By The Associated Press
The government stepped up its efforts to settle the twin coal-steel strikes Tuesday.

Both disputes seem to be nearing a show-down.

Unless Mediation Chief Cyrus H. Ching makes headway in either strike this week, there are strong indications he will turn them over to President Truman as hopeless.

Then Mr. Truman would decide whether or not to use a Taft-Hartley court injunction or industry seizure to get the strikers back to work.

U. S. Mediators Meet
Ching and his chief assistants met for several hours Tuesday with Arthur J. Goldberg, general counsel for the CIO and the striking steelworkers union.

The meeting was in preparation for conferences in New York Wednesday between Ching and officials of the U. S. Steel corporation. This meeting will be the first between government representatives and Big Steel since 500,000 steelworkers struck Oct. 1 for free pensions and insurance.

Conciliators already have met with representatives of the Bethlehem Steel and Youngstown Sheet and Tube companies.

Gives Coal Men 24 Hours
Ching allowed John L. Lewis and the nation's soft coal operators at least another 24 hours before he moves in on their strike negotiations.

Southern operators met with the union at Bluefield, W. Va., but reported no progress. Similar negotiations between the union and northern and western operators at White Sulphur Springs also showed no result.

Ching has made it clear he would reenter the coal negotiations this week unless there is some sign of early settlement. The 380,000 United Mine workers have been on strike since Sept. 19 in a dispute over a new contract and coal royalty payments to the miners' welfare fund.

Both disputes are fast approaching the critical stage. The coal strike has rendered idleness on thousands of workers in allied industries while steel shortages have started cutting down industrial production.

Senate Okays Pay Hike For 1,385,000 Employees Of U.S.

Washington, Oct. 18—(AP)—The Senate gave final congressional approval today to compromise bills boosting the pay of about 885,000 civil service workers and 500,000 postal employees.

The total cost will be \$239,000,000 a year. The measures now go to the White House for the president's signature.

Civil service workers will receive an average pay increase of \$140 each with a top increase of \$290 a year. The postal pay raises will average \$120 a year for regular employees. Those hired on a part-time basis will receive a percentage increase.

The Senate also approved a House-passed bill raising the pay of 138 employees in the postoffice department's mail equipment shops. The cost will be about \$14,000. This measure also goes to the White House.

Nehru Says World Should Give India Leading Position

New York, Oct. 18—(AP)—Prime Minister Jawaharlal Nehru of India told the west today Asia demands, and some day will win, a leading role in world affairs and a fairer share of the world's good things.

Nehru made his statement in a speech to the Overseas Press Club of America, an organization of news correspondents who have served abroad.

The Indian statesman said his country "cannot escape" the role of leader in a resurgence of the Orient. He said the rich and wealthy nations outside Asia should recognize that "any great movement takes place in the mind before it happens. One has occurred already in Asian minds."

Asia, he said, is determined to achieve equality with the rest of the world and to show her "growing vitality."

He invited questions from among the correspondents, and was asked how Americans can "cooperate with India."

Conferees Agree On High Supports For Major Crops

Washington, Oct. 18—(AP)—Congress moved today toward passage of a farm bill which would let the government keep agricultural price supports at or near wartime levels indefinitely.

Hammered out by a Senate-House conference committee after days of bitter discord, the measure was being put into final shape for submission to both houses.

The bill would give the agriculture department authority to support prices of virtually every farm commodity at 90 per cent of parity as long as it wished and as long as congress made the support funds available. This is the level of support in effect for most commodities since early in the war.

Parity is a legal standard for measuring farm prices. It is figured to give the farmer a "fair purchasing power" for his crops, in terms of nails and overalls and other things he buys at the store.

For consumers, the compromise proposal held out little prospect of any material change in food prices—with the possible exception of beef and lamb—if the department chooses to keep the maximum support levels.

The bill does set certain minimums—some as low as zero—but the department would be free to ignore them and retain the relatively high level supports.

Student Strike May Come From Co-Ed Riding Ban

Bowling Green, O., Oct. 18—(AP)—Should co-eds at Bowling Green State University be allowed to ride in automobiles and buses? No, say college officials. Yes, say many of the students.

The dispute may boil over tomorrow into a student strike.

A mass meeting of the university's 4,600 students is set for 7:30 a.m. tomorrow. Just who called it is open to question. There is no question, however, that most students will attend.

A mimeographed sheet was posted today in dormitories and fraternity houses. It announced the mass meeting. Students, it said, want more freedom of self-government and permission to publish the student newspaper without faculty censorship.

At Bowling Green, a co-ed can't take a Sunday ride with her parents in the family automobile—unless she has special permission from the faculty. She needs permission, too, before accepting, say, her landlady's offer of a ride to school on a rainy morning. Permission is necessary for a bus ride, also.

The mimeographed sheet said that unless students demands are met, the colleagues will not attend classes beginning at 8 a.m. tomorrow.

Political Mixup Leaves Village Without Rulers

Hurst, Ill., Oct. 18—(AP)—A political mixup left citizens of this southern Illinois village without a legal government. But it's been unraveled—they think.

It all started when the mayor died and too many aldermen quit to run for mayor. That left the council without a quorum needed to do anything legally.

Last night the two aldermen who had resigned and filed petitions to run for mayor took it all back. Thus, the board had five of its full strength of seven members. Advocies by the village attorney that made everything legal again, the board quickly.

Appointed a temporary mayor: Appointed a chief of police, and set November 29 for a special election to vote for mayor and to fill any vacant aldermanic posts.

After that two aldermen resigned again and announced their candidacies for the unexpired mayor term. When the late mayor was elected he left a vacancy in the council ranks. So now there are three aldermanic posts up for election.

Disclose Major Speedup Of U.S. Atomic Production

Washington, Oct. 18—(AP)—A major speedup of American atomic production at an eventual cost of more than \$300,000,000 was disclosed on Capitol Hill tonight.

Chairman McMahon (D-Conn.) of the Senate-House atomic energy committee announced that President Truman has authorized the start of the accelerated program.

McMahon called it "a major expansion effort." Other sources placed the cost at more than \$300,000,000.

Russia Blasts Yugo U.N. Bid

ACCUSED OF PASSING \$2,000 IN BAD CHECKS

Chicago, Oct. 18—(AP)—A Springfield, Ill., man was returned to Chicago today on charges of passing approximately \$2,000 in bad checks since April.

Police identified the man as Francis L. Dennis, 45, of 1114 South Fourth street, Springfield. Detective James Derrig said Dennis was wanted on similar charges in Tomahawk, Wis., and Boise, Ida.

Derrig said the checks were passed in downtown department stores.

New U.N. Attempt Fails To Bring Peace To Balkans

Lake Success, Oct. 18—(AP)—A new United Nations attempt to make peace in the Balkans ended in failure today. Western diplomats blamed the collapse on communist Albania.

That Soviet satellite rebuffed all points in a U. N. peace plan.

The special U. N. Balkan conciliation committee named to settle the long-standing Greek-Balkan dispute gave up 19 days after it was created by the general assembly.

The four-man committee, headed by Assembly President Carlos P. Romulo, reported with regret to the 59-nation political committee it could find no basis for ending the conflict.

Romulo, in a 250-word letter emphasized a belief that further peace efforts now would not be worth while.

He and Canada's Lester B. Pearson, Selim Sarper of Turkey, and U. N. Secretary-General Trygve Lie, had held 29 meetings. They met with representatives of seven nations: Greece, her three northern communist neighbors—Albania, Bulgaria and Yugoslavia—and Russia, Britain and the United States.

Navy Is Cutting Down Great Lakes Fleet For Economy

Chicago, Oct. 18—(AP)—The navy is cutting down its "Great Lakes fleet" in an economy move.

Naval reserve training ships berthed at 23 cities in the Ninth Naval district will be pooled in a mobile training squadron based in the Chicago area. The number of vessels will be reduced from 25 to between eight and 11.

The Great Lakes fleet is composed of vessels slated for inactivation. The vessels are used for weekend and two week training cruises on the lakes and rivers, and for dockside training.

Ships to be given up will be returned to the Atlantic reserve fleet and be inactivated.

In announcing the shift, Rear Admiral J. Cary Jones, U.S.N., commander of the Ninth Naval district, said increased training quotas will be available under the new plan. Reservists from the entire district, instead of from districts formerly had vessels, will have the opportunity to cruise aboard the training squadron, he added.

STEEL STRIKE FORCES JOHN DEERE PLANT TO FOUR-DAY WEEK

Moline, Ill., Oct. 18—(AP)—The John Deere plow company notified its employees today that it will go on a four-day week within the next few days because of the steel strike.

Some 1,300 workers will be affected.

A company spokesman emphasized that the cut was not being made because of a shortage of steel, but to conserve the present supply.

The action was the first noticeable effect of the steel strike on the industries of the quad-city area.

Threatens Success Of U.N.

Lake Success, Oct. 18—(AP)—Russia's Andrei Vishinsky, blasting anew at a campaign to put Yugoslavia on the security council, said today that for Russia the atomic bomb has been "a real weapon" since 1947.

He threatened "painful consequences" for the United Nations if Yugoslavia wins a security council seat with the American support over Soviet-sponsored Czechoslovakia.

At a news conference Vishinsky reminded reporters of the Tass communique of last Sept. 25 which disclosed that Russia has had an atomic weapon since 1947. Vishinsky said:

A-Bomb Real Weapon
"V. M. Molotov (former foreign minister) said in 1947 the American monopoly no longer exists. It happens to be a real weapon since 1947."

This was the farthest Vishinsky has gone in the current U. N. session on Russia's possession of the A-bomb. On Sept. 23 he said the United States has no monopoly on the bomb but did not amplify the statement.

Today Vishinsky said that the Soviet Union was "not bluffing" when it issued the Tass statement that Russia had the atomic bomb.

Vishinsky called a news conference in the spacious Economic and Social Council chamber at United Nations headquarters to protest once more against Yugoslavia's race for the security council.

The general assembly will meet Thursday and vote on the Czechoslovak-Yugoslav contest.

Czechoslovakia Picked By East
Vishinsky declared in a statement that the eastern European countries had picked Czechoslovakia for the seat the Soviet Union will give up Dec. 31 after a 2-year term. Yugoslavia's election, Vishinsky said, would violate the U. N. charter, break a gentleman's agreement on the allocation of seats, and further aggravate East-West differences.

Vishinsky said the decision of the United States and other nations to back Yugoslavia "can only bear witness to the fact that the Anglo-American bloc has the intention of moving further along the path of deepening the split and reducing even the minimum degree of agreement in the work of the United Nations."

"Such a step," he said, "cannot be regarded otherwise than as a challenge flung to the countries of people's democracy and to the Soviet Union. It is natural that such a step cannot fail to lead to complications inside the United Nations organization and to have painful consequences on the state of affairs in the organization."

Survey Shows Men Surpass Women In Diapering Babies

French Lick, Ind., Oct. 18—(AP)—The hand that rocks the cradle may rule the world, but men can diaper a baby better than the gentler sex.

If the fellow is lefthanded, he's apt to be even more adept at solving the techniques of three-cornered attire.

That's the word from the research committee of the National Institute of Diaper Services. The group opened its 12th annual convention here today.

The committee's report was based on a survey of 5,000 families. It showed fathers, and particularly southpaws, surpass mothers when it comes to applying diapers in the most approved fashion.

FOUR NEGROES WILL BE TRIED FOR PASSING COUNTERFEIT MONEY

Chicago, Oct. 18—(AP)—Four negroes accused of passing counterfeit money in Rockford, Ill., will be tried in Freeport, Ill., Federal Judge John P. Barnes ruled today.

Under federal law, they have a choice of being tried in either city. Three of them indicated willingness to be tried in Chicago, but the fourth held out for Freeport. Judge Barnes held they should be tried as a group and transferred all four cases.

The men are Chester Stubblefield, 23; Floyd Dawson, 21; Jessie McCready, 38; and the lone holdout, Rodgers Cargie, 42. All are Chicagoans.

**NEED TO ATTRACT HIGH-CALIBER
MEN TO GOVERNMENT POSITIONS**

Even economy-minded citizens may applaud Congress for boosting the pay of cabinet members and some 200 other top government executives.

Everyone knows that low salaries have long discouraged many able men from accepting government duty. Presidents from 'way back have bemoaned their inability to attract or keep the talent needed for highly responsible posts.

The action of Congress will make these jobs a more powerful magnet. It seems absurd that positions which are of such paramount importance to the American people should go empty or be filled with mediocre men.

Citizens in nearly all walks of life should be ready to enter public service if their productive capacities are needed. This duty probably always will represent a sacrifice in some degree, but it should not be too great a one.

Many who are called upon to serve will not, of course, wish to make a lifetime career of it. They will prefer to be out of the public eye, to be doing something closer to their own personal wishes. No amount of money could prevent their return to private pursuits.

Thus it seems to us that the effort to improve the caliber of government executives cannot end with hiking their salaries. A way must be found to develop a career service that will produce top-bracket men to form a stable core in government.

It isn't easy to say what we need to assure this objective. Years ago a man bent on a life of public service couldn't find any place to obtain special training. Now numerous colleges offer courses in government administration and policy-making.

But some of those eager to raise the quality of administration think these opportunities aren't enough. Occasionally you hear it suggested that the country ought to have a sort of West Point for government students, a highly specialized, exacting institution that would turn out men acknowledged everywhere as top-level administrators.

If such a school served to enhance the prestige of government duty, it would probably be well worth establishing. For, in spite of the public attention that normally attaches to government service in executive posts, the prestige value of most of these jobs has never been too high.

Men contemplate with pride the idea of a career in medicine or law. They feel no shade at aspiring to the leadership of a business concern. But not many embrace government service with the notion that they will promptly be hailed as distinguished men of standing in society.

Until government is viewed generally as a prime outlet for men of talent, it is not likely to solve its manpower needs simply through offering higher salaries. It might be argued that money will go a long way toward adding prestige to public jobs. But we are inclined to think that something more is needed, something that will give government administration a stamp of distinction growing out of deep psychological satisfactions.

White Hall—Fifty-five years of wedded life were observed Sunday by Mr. and Mrs. John Overby of White Hall. To celebrate the occasion, a family dinner was given at the home of their daughter, Mrs. Georgine Wilson of Roodhouse.

The couple was married on Oct. 16, 1894, in the home of the bride's parents, Mr. and Mrs. J. A. Castleberry, near Richwoods. Mrs. Overby was formerly Miss Bertha Mae Castleberry. They are parents of 13 children, six of whom are living. They are: Burl Overby of Detroit, Mich.; Mrs. Dorothy Jones, Mrs. Margaret Jones and Mrs. Georgine Wilson of Roodhouse; and Ralph Overby and Mrs. Lucille Snider of White Hall. There are also 14 grandchildren and four great grandchildren.

Mr. and Mrs. Overby have resided in their present home in White Hall for the past 44 years.

**Automobile Stolen
At Murrayville; Two
More Are Recovered**

An automobile thief who has left a trail of stolen and abandoned cars through the south section of Morgan county and the northwest corner of Macoupin county was the object of a search Tuesday in which county forces and state police merged their efforts.

The theft of an automobile at Murrayville late Monday night or early Tuesday morning was the newest link in the chain of crimes.

**Junior High PTA
Nets Large Sum
For Equipment**

The David Prince Junior High school P.T.A. has closed the most successful magazine drive in the history of the school with sales totaling \$2,304.21.

Mrs. J. Allen Biggs, president of the David Prince P.T.A., in announcing the total, stated that the successful drive was due to the enthusiastic work of the students, teachers and response of the general public.

Sharon Dowland and J. Allen Biggs were high salesmen in the school, each having sold over \$100 in subscriptions, qualifying for the two top prizes which were wrist watches. Other students who sold \$40 or more in magazines and qualified for special "Oscar" were Sharon Kelley, Carol Schaffner, David Rataichak, Sandra Baker, Tommy Cannon, Fred Cody, Joe Sommers, Larry Hess and Jim Barnes.

Profits from the magazine sale will be used by the David Prince P.T.A. to purchase equipment and supplies not normally supplied through regular school finances to improve and benefit the school and its students. P.T.A. committee members who conducted the sale and handled all administrative details were Mrs. R. K. Baker, chairman, Mrs. L. Allen Kelly, Mrs. E. W. Brown, Mrs. Edward Moy and Clarence Rataichak.

CHORUS TO PRACTICE

The Morgan County Home Bureau chorus will meet for a practice session Wednesday at 7:30 p. m. in Farm Bureau hall.

**Dr. Pankhurst
Presents Talk
At "Y" Monday**

The series of religious talks sponsored by the Hi-Y club in cooperation with the Ministerial association was concluded Monday evening with an address by Dr. W. H. Pankhurst, pastor of the Congregational church.

Dr. Pankhurst spoke on "The Challenge of Christianity in Today's World" and drew a comparative analysis of leading religions.

According to Dr. Pankhurst, the real test of religion is the manner in which its principles are applied to one's code of living.

A new series of talks pertaining to a subject which will be of interest to high school boys will get under way soon.

**Bertha Whitlock
Of Franklin Dies**

Miss Bertha Whitlock, a lifelong resident of Franklin, died at about 11:30 a.m. Tuesday at Our Saviour's hospital where she had been a patient since Monday. The 66 year old woman was a retired schoolteacher and had taught for many years in the surrounding communities.

She was a daughter of Alec and Mary Whitlock, who preceded her in death. Surviving are two brothers, James Whitlock of Franklin, with whom she made her home, and Jesse Whitlock of Memphis, Tennessee. She also leaves several nieces and nephews.

The immediate cause of her death was an anemic condition sometimes known as fluid heart trouble.

The remains were taken to the Neece Funeral Home at Franklin. Funeral arrangements will be announced later.

White House Topic Of Talk Given For South Side Circle

An interesting talk on "The Story of Our White House" was given by Mrs. W. T. Scott when the South Side Circle was entertained at the home of Mrs. Julia Hall, 239 Caldwell street, with Mrs. E. C. Roach assisting.

Mrs. Scott explained that the plans for the original White House, which was a 20-room structure of grey limestone, completed in 1800 were copied from Princess Louise Adelaide of France. The first occupants were President James Adams and his wife Abigail.

In 1812 the White House was seized and burned by the British. It was soon restored however, and the exterior painted white.

Four weddings have taken place in the White House, those of the Misses Monroe, Grant, Wilson and Roosevelt. Three presidents have died there, namely, McKinley, Garfield and Harrison.

Mrs. Scott described in detail

many of the rooms and their furnishings. She also spoke of the china and silverware, which each president's wife is permitted to select.

During the administration of President Theodore Roosevelt, \$400,000 was spent on remodeling. The restoration now underway will cost \$5,400,000.

Mrs. Scott's talk was interspersed with a reading by Miss Emma Hunter, entitled "Don't Tear Down the White House."

Resuming her discussion, Mrs. Scott described the Blair House, where the Trumans are now living. She said that in all probability the White House will be ready for occupancy again by fall of 1950 or early 1951.

Attracts Millions

She spoke of the White House as a shrine to which all are attracted, stating that in a five-year period, six million persons visit there.

Mrs. Scott was introduced by the program chairman, Mrs. J. E. Underbrink. A short business session was held, presided over by Mrs. E. A. Schodesack, president.

Twenty-three members and guests were present, responding to roll call by naming "A White House Hostess."

The guests were Misses Frances Melton and Beatrice Robinson and Mesdames William H. Hicks, Homer Potter and Charles Osborne.

During the social hour, refreshments were served from an attractively-appointed tea table, with Miss Melton and Mrs. Schodesack presiding.

TEN REPEATERS

Ten presidents of the United States have been elected more than once: Washington, Jefferson, Madison, Monroe, Jackson, Lincoln, Grant, Cleveland, Wilson and Franklin Roosevelt.

A firefly is not a fly, and it has no fire.

Ceremony Unites Audrey Bateman, William Garvin

White Hall—The First Baptist church was the scene of the Oct. 13 wedding of Audrey Bateman, daughter of Mr. and Mrs. Albert Bateman, and William Marvin Gobin, son of Mr. and Mrs. H. E. Gobin.

Mrs. Ben A. Bohn, wife of the pastor, played an organ recital and Mrs. Raymond Wendell sang "Through the Years" and "Because," preceding the double-ring ceremony performed by the Rev. Bohn, before the altar banked with palms and lighted candles.

James Bateman, brother of the bride, and Richard Gobin brother of the bridegroom served as ushers and candlelighters.

The bride was attired in a grey suit with black accessories and carried a white Bible topped with orchid colored carnations. She was given in marriage by her father and attended by Mrs. Eugene McCarthy, who wore a green suit with black accessories and a corsage of red carnations.

The bridegroom was attended by Eugene McCarthy.

The receiving line formed at the rear of the church with the bride, bridegroom and parents of both, after which a reception was held in the church parlors.

A four-tiered wedding cake adorned the table and was served to the large number of guests, with Mesdames Oscar Dugan of Peoria, Donover, Washington, Jefferson, Madison, Monroe, Jackson, Lincoln, Al Carman and Miss Shirley Gobin of Cleveland, Wilson and Franklin Roosevelt.

The couple will reside in White Hall.

POTATO DISEASES GO NORTH
Washington—(P)—Potato diseases have caught up with Alaska, says Dr. C. L. Lefebvre, plant pathologist for the U. S. Department of Agriculture. Alaska has ignored the diseases because farmers were working in virgin ground where they did not exist, he says.

Now, his report shows, some of the plant diseases which have plagued potato growers in other parts of the world are giving trouble. He believes the situation can be met by using disease-resistant varieties.

Lefebvre has spent much of the last two growing seasons in Alaska.

Revival Services At Glasgow Church Concluded Sunday

Glasgow—The nightly revival meetings that have been in progress for the past two weeks at the Glasgow Baptist church, came to a close Sunday night. These services, conducted by Evangelist Mason Smith of Kane, attracted good attendance. Eleven new members, by conversion, letter or baptism, were added to the church.

The pre-service sessions, conducted each night by Rev. Smith, included flannel-graph pictures, choruses and special talks for the children.

A largely-attended basket dinner was held in the church basement at noon Sunday, serving both as a get-together and a farewell gesture to Rev. and Mrs. Smith.

Chapin Laymen's League To Give Play By Pastor

The Laymen's League of the Christian church will present a three-act drama, "A Prince of Judah," at the Chapin high school on Sunday, Oct. 23, at 8 p.m.

Mrs. Adelaide Brockhouse will direct the play, which was written by Rev. Fred Wilson. The play was given last winter and is being repeated in response to numerous requests.

Exciting action, some bits of comedy and dramatic appeal to the nobility of this story from the long ago. Mrs. Lillian Smith will direct a group of girls in an Oriental drill, and there will be special musical numbers between acts.

The public is invited to attend.

There will be no admission charge. A free will offering will be received. The cast includes Delmont Surratt, John Alderson, Fred Schults, William Fisher, Fred Wilson, John Rankin, Fred Harris, Ellsworth Risor, William Crews, Robert Ommen, Jesse Delph and Elmer Wilson. Frank Willard will have charge of lighting and Ronald Smith of the spotlight.

Pianists are Miss Ruth Hutchins and Mrs. Lillian Smith. As a prelude Miss Hutchins will play a selection from, "In a Persian Market."

Absolute stillness, a condition few ever have encountered, is achieved in a new silent chamber. This neebo chamber was designed and constructed for the testing of delicate instruments.

Republican Women Will Convene In City

Approximately 175 members of the Illinois district and Mrs. John T. Thomas, Belleville, state president of the Federation of the Illinois Republican Clubs from 19 central Illinois counties will attend a district meeting at the Dunlap hotel here Wednesday, October 19, with Mrs. Mary Berkemeier Quinn, Chicago, as principal speaker.

Among others who will speak will include Carlos W. Campbell, Springfield, chairman of the Illinois Republican State Central Committee; Gail B. Ranson, Jacksonville, state central committee from the 20th Illinois district; and Mrs. S. G. Baker, Mrs. Richard Yates Rowe, public relations chairman for the state federation, said that the district meeting is one of a series planned throughout Illinois to discuss and promote organizational details for women's participation in the 1950 campaign.

Directors Hear Red Cross Reports Tuesday Evening

The directors of the Morgan County Red Cross chapter met Tuesday night in the Red Cross office to hear reports of committee chairmen showing work accomplished during September. Those present were Harry G. Story, vice-chairman who presided, Robert DuBois, Cloyd De Freitas, Charlotte Sieber, Mrs. Nellie Rice, Mrs. W. H. Kurtz, Mrs. Leora Dixon Dietz, Mrs. Bessie Spaulding, Mrs. Dicy Lee Davis, Miss Marguerite Schoedsack, Mrs. John T. Taylor, Mrs. Alice Keplinger of Franklin, Cecil Wegehoff of Liberty, and Alma Mackness, executive secretary.

Miss Schoedsack, chairman of the Junior Red Cross committee, told about her plans for the overall program which she expected to accomplish this year. Mrs. Taylor, a member of the junior Red Cross committee, reported on the movie and talk by Dr. Malcolm Stewart at the Teachers' Institute held Oct. 7, at Jacksonville high school.

Mrs. Dietz, chairman of nursing services, made a report concerning the appointment of Mrs. Constance E. Johnson as vice chairman, chief disaster nurse, taking the place of Mrs. Bethard, who recently resigned. She spoke about organizing home nursing classes in various communities in the county. Mrs. Bessie Spaulding reported for nurse recruitment and stated that many nurses are anxious to give service to the local chapter in order that they may become Red Cross nurses.

Mr. Story discussed the possibility of using talent from Jacksonville high school and local colleges in entertaining veterans who are patients in the hospitals here.

The treasurer's report was made by M. C. Reynolds.

Mr. DuBois, committee chairman for home service made a brief report. Miss Mackness gave her report of home service activities for September, which showed a total of 137 cases open during that month, 104 of which received a great deal of help, 26 being service cases and 73, veterans, and five civilian. Emergency financial assistance was given in 18 cases, a Navy family and 17 veterans.

The budget committee composed of M. C. Reynolds, chairman, Albert W. Hall and Robert E. Spink, submitted its report to the directors. The next meeting will be on November 21.

War Dads Plan Gold Star Tag Day October 29

Gold Star tag day, an annual event, will be conducted in Jacksonville and other Morgan county towns on Saturday, Oct. 29, by the American War Dads and Auxiliary, Chapter 28.

In announcing Gold Star tag day a spokesman for the War Dads said: "These children are our obligation because the horrible war took their fathers from them while defending our homeland. Because of their sacrifice, we still have a country to call our own. Now, in turn, we want to give these children a happy time at Christmas, remembering them in a small way at their birthdays, and to increase their individual bank accounts which was started for them three or four years ago. Any amount of money that you contribute will be used entirely for this purpose."

"Watch for the solicitors, make your contribution as liberal as possible, and wear your Gold Star Tag proudly."

Northminster To Hold Family Night Thursday

The annual family night observance, held each year in October by the Missionary society of Northminster Presbyterian church, will take place Thursday at 7:30 p. m. in the social rooms of the church.

The event is in keeping with the theme, "The Christian Home," upon which the speaker of the evening, Major Henri Servais, will base his address.

Miss Arden DePrates will lead the devotional service, assisted by Joyce Fernandes and Doris Souza. A short play entitled "A Changed Family" will be presented. The cast includes George Souza, Catherine Fernandes, Margaret Gristy, Donald Fernandes, Donald Souza and Loren DePreitas.

Music will be provided by a quartet composed of Mr. and Mrs. Lawrence Smith and Mr. and Mrs. Melvin Smith.

A social period will follow the program. The public is invited to attend.

YES, HELP WAS NEEDED
London —(P)—The British Air Ministry was intrigued. Midway in the war, an inventor wrote in to say he needed minor technical assistance on an invention that would keep airplanes from exploding when they crashed. John Edwards, parliamentary secretary to the board of trades, told a conference of scientists the ministry quickly offered help.

"He then wrote back to say his idea was that there should be in each petrol tank a capsule containing a substance which would render petrol non-inflammable, the capsule to be made so it would melt when the petrol reached a certain temperature, thus releasing the contents."

"The two details on which he needed official assistance: What the capsule should be made of and what it should contain."

Carrollton OES To Be Honored Tuesday Evening

Carrollton—Mrs. R. D. Whiteman, worthy matron of the Temple Chapter, O.E.S., will receive the honor accorded the chapter at the 50th birthday anniversary of the Greenfield Eastern Star chapter, which will be celebrated Tuesday evening in Greenfield. The local chapter is being honored as it is the mother chapter of the Greenfield O.E.S.

Miss Lena Keyes, also an officer in the local chapter, will serve as the guest Martha during the ceremonial. Others from here who will attend are Mrs. F. L. Imus, Mrs. Adrian Read, Mrs. Z. Roberts, Mrs. H. H. Levi and Mrs. Lee Kelly.

Members of the M. C. Gilead unit of the Greene County Home Bureau will be entertained Wednesday afternoon at the home of Mrs. George Fohlman. The major lesson "The Place of Recreation in the Home and Community" will be given by Mrs. Walter Pegram.

"HAPPY BIRTHDAY, BOO HOO"—These six solid citizens were born within 15 minutes of each other in a Cleveland, O., hospital a year ago. Their mothers thought a first birthday party would be just grand, but somehow the kiddies didn't take to it. Though all the mamas were hovering nearby, none could determine the issue that reduced all the babes to tears, and some of them to tantrums, and made the party a howling success.

Carrollton Farmer Suffers Arm Injury In Accident Sunday

Carrollton — Ward Hobson, 38-year-old Carrollton farmer, is in the Josephine Heitkamp hospital in St. Louis where he underwent surgery Sunday to save his right arm which was badly mangled when caught in the power takeoff of a combine.

The accident occurred Sunday morning at 11:30 a.m. on the farm of Hobson's brother William Hobson. Hobson had stopped the combine at the end of a row of beans and was taking off his sweater when the sleeve of the shirt caught in the power takeoff. The sleeve and arm were both drawn into the combine before the cries of the injured man were heard.

Hobson makes his home here on a farm with his mother, Mrs. Jessie Hobson.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Oct. 18 —(AP)—Sattle reached the highest peak of 1949 today when two loads of choice to prime 1,320 and 1,405 pound steers brought \$37.00 a hundred pounds.

Slaughter steers and heifers were steady to 50 cents higher in fairly active trading, but common to low good steers closed slow and barely steady. Cows and bulls were scarce and steady to 25 cents up. Vealers were fully steady.

Hogs climbed somewhat today after dipping to the lowest top price in three years yesterday. Butchers' and sows were mostly 25 cents higher and the top reached \$18.40, compared with \$18.15 yesterday.

Slaughter lambs were 23 to 50 cents up, topping at \$24.25 on choice natives. Sheep were slow and steady.

Sizable receipts included 10,000 hogs, 12,000 cattle, 600 calves and 1,500 sheep.

Peru Seeks Pair Held For Forgery

Chicago, Oct. 18.—(AP)—Two young men accused of passing worthless checks in Chicago are wanted on

charges of burglaries in Peru, Ill., police told Judge William V. Daly in felony court yesterday.

Judge Daly continued until Oct. 26 the Chicago confidence game charges against Edward Berg, 23, and Jack M. Scott, 24. Police said Berg gave no address and Scott said he lives in Ottawa, Ill.

The two men were arrested Oct. 14 in connection with three worthless checks totaling \$70 which were passed in shops on 63rd street, on the south side.

Police Lt. Harold Enger of the burglary detail told the judge he will file LaSalle county warrants against them tomorrow.

LOOK, NO PILOT!—With nobody at the controls, a "Hiller 360" helicopter flies over San Francisco Bay. The 25-mile flight—first of its type in aviation history—was made at an altitude of 3800 feet. Passengers were Stanley Hiller, Jr., 24-year-old helicopter company president, nearest the camera, and Langhorne Washburn. Hiller made the flight to demonstrate how his "Rotor-Matic" system of controls brings inherent stability to helicopters for the first time.

STOPS LAXATIVES—FEELS BETTER!

"Have been eating KELLOGG'S ALL-BRAN 3 years and it's wonderful! Now I don't ever need a laxative, feel so much better. I've told plenty of others too!"

Mrs. Jerry Russell, Route 8, Maryville, Tenn. Many other grateful ALL-BRAN users write the same. You may be helped, too, if you are constipated due to lack of bulk in the diet; start eating an ounce of crisp, toasty ALL-BRAN daily, drink plenty of water. Autopsy Proves Teen-Ager's Mercy Shot Unnecessary

Los Angeles, Oct. 18.—(AP)—A coroner's autopsy report added tragic irony to a teen-ager's story to police that he fired a "mercy bullet" into the head of his ten-year-old brother who lay moaning in agony from an accidental shot suffered but a few minutes before.

Dr. Frederick Newbarr, county autopsy surgeon, disclosed yesterday that the first shot destroyed half the brain of Robert James Elliott, 10, and that he would have died in a few moments.

Richard Manning Elliott, 15, told police Sunday night that he could not bear to see his brother suffering, so fired a second bullet into his head "to put him out of his misery."

Dr. Newbarr's report said the second slug, in itself, could not have caused death.

The boys, son of a physician, were home alone watching a western movie on television when the older boy told his brother that he wanted to show him "a gun like they used in the old west."

In showing the .32 caliber revolver, Richard told detectives that it went off accidentally with the bullet piercing Robert's head.

Missionary Brings Son Home To U.S. For Medical Aid

Chicago, Oct. 18.—(AP)—A son of American missionaries in South Africa arrived today in Chicago, the last stop in his long air journey for medical treatment of a serious kidney ailment.

Two and one half year old Bryan McAllister, who is suffering from acute glomerulo-nephritis, was transferred from an airplane to an ambulance and hurried to Children's Memorial hospital.

Physicians said that the boy would be given oxygen throughout today and that blood tests would be made. A complete diagnosis of his condition will not be made until tomorrow, they said.

Fog over the airport delayed the landing for about an hour.

Accompanying the boy was his mother, Mrs. Florence McAllister, whose husband Earl, remained at his missionary post in Swaziland, Union of South Africa, with their three

other children.

The McAllisters are former Chicago residents. They are attached to the Evangelical Alliance Mission.

The mother and son left Johannesburg Sunday after Bryan developed bronchial pneumonia in addition to the kidney ailment.

Cream Designed to Fade Spots

Your own two hands may seem to be your worst fashion enemies now that autumn's ultra-feminine styles are upon us. But lady, take heart. There's a wonderful new cream on the market that fades weathered brown spots from your hands as well as freckles and blemishes from the outer skin.

The first preparation of its kind ever developed, the new vanishing-type cream is a miracle worker in turning out those pale hands that men traditionally favor. The secret of its success is a penetrating agent, blended with a non-oily base, which breaks up mass skin pigment.

After summer gardening, picnicking, beaching, and golfing, the fall re-conditioning process for your hands can be remarkably simple this year. Just smooth the cream lightly on the hands. While it smoothes them whiter-looking, its penetrating agent acts as a pigment breaker, fading age-spots and freckles. Furthermore, the manufacturer (who evidently believes in the seeing-is-believing philosophy) has attached a small magnifying glass to each jar so you can actually check up on those age-spots, blemishes, and freckles.

Washington School Fathers To Dance At Frolic Thursday

Washington school fathers will assume burlesque queen roles and dance the "can-can" to the delight of young and old at the fourth ward school's fun frolic Thursday evening, Oct. 20.

The musical revue, "Dad's Capers," will be under the experienced guidance of Harry Lee Hall, who will act as master of ceremonies. He will direct a chorus consisting of the following dancing "girls": Harry Crabtree, Roscoe Godfrey, Gus Ruble, Earl Biggs and Joe Isle.

Musical accompaniment for the show will be furnished by a band composed of Rev. Lewis Raymond, B. L. Woodward, Allen Kelly, Carl Rieman and Bill Weston.

Featured novelty acts in the revue include a strong man demonstration by James Robison, who will be apparently strangled in a long underwear tights, a hill-billy song by Ralph Heiss, with the ukulele accompaniment, and a beauty parlor scene starring Harry Crabtree and Roscoe Godfrey. Don Hamey in typical Mae West style will be the leading lady in the skit with supporting players Lewis Raymond and B. L. Woodward.

Washington, Oct. 18. —(AP)—The possible hazards of being president in an atomic age may be investigated by a congressional committee. The Senate has approved the idea and checked it up to the House.

The Senate action came yesterday, without a dissenting voice. The proposal, by Senator Green (R-I), is to set up a 10 member Senate-Executive committee to look into the question of abolishing the electoral college system of picking presidents.

The committee also would study the possibility of naming some individuals to take the presidential powers if all the officers now eligible to succeed him should die.

Sponsored by Myers
Senator Myers (D-Pa.), who sponsored passage of the bill in Green's absence, told a reporter this was aimed at setting up machinery to keep the government functioning if an atomic attack should wipe out all of Washington's high officials.

In approving the bill, the Senate rules committee said some action ought to be taken "so that this nation will not be faced with a calamitous situation imperiling the succession of the presidency without a legally established solution on which to rely."

Finance Campaigns
Myers said he thinks that if the House agrees to the inquiry, the joint committee also should look into the question of financing political campaigns from the national treasury.

This suggestion has been made by those who contend that political parties should have equal amounts to pay campaign costs.

Senator Lodge (R-Mass.) told the Senate the Green inquiry resolution should not affect congressional action on his proposed constitutional amendment to revise the electoral college vote.

Religious Leader Voices Concern Over "Rebellion"

"Religion is on the threshold of crossing into its home as the atomic age fosters world-wide terror and a need for spiritual guidance. Man-kind's whole predicament was epitomized at Hiroshima," so Rev. Jay Logan, director of Christian education in the Presbyterian church for the State of Illinois, told the student body of Illinois College at its regular chapel meeting Tuesday morning.

Expressing concern over the world's so-called "boast of rebellion against religion," Rev. Logan tendered an antidote that seemed to sum up the entire problem. "The question is comparable to the little boy who claimed he was glad he didn't like spinach because if he liked it he would have to eat it and he hated it."

"So goes the world, chasing its tail in an endless circle of religious prejudices and 'little boy analysis.'"

"But," Rev. Logan confided, "the a-bomb blast at Hiroshima awakened many people to the fact that they're going to have to do something about their spiritual welfare and they have turned to the church for leadership. They are demanding that the church take things in hand and lead the world back to an even keel."

Rev. Logan concluded by insisting that congregations will gladly welcome back to church that predominantly ruled its people. "They want the church to tell them what to do."

Notre Dame Tops AP Poll As Best Gridders

New York, Oct. 18.—(AP)—Top placed Notre Dame sits it out this week-end but other members of college football's "first ten" face muscular foes who should give the rankings another vigorous shuffle.

Three new teams moved into the select list after last week's wave of upsets, but the fighting Irish strengthened their hold on the No. 1 position by mauling highly-touted Tulane, 46-7.

Sports writers and broadcasters participating in the Associated Press' weekly poll were so impressed by this show of might that they

The possible 1949 M.S.M. conference champion may be settled this Friday night at Nokomis when Carroll Lowe takes his undefeated Scotics to town to meet Wes Trengonis, once defeated Redskins. Although most observers figure that both schools will still have a rough road ahead, they think that victory here will put them in the drivers seat and the pressure on the other contenders. Though Waverly is still undefeated, one must still give the Redskins a slight edge over the Scotics since Nokomis (4-1) has bucked up against a little stiffer opposition and since neither team has looked good on the road, Nokomis will have that home gridiron advantage. Last week Nokomis edged Viridan 20-14 and Waverly defeated Girard 19-0.

The game should have an offensive flavor since both clubs have a "triple-threat attack." Lowe will back on his trio of Burnell, Meiers, and Mitchell while Reed, Chadwick, and Janssen may hit pay dirt for Nokomis.

While Waverly's Scotics are battling for the first conference title in many a moon, their fans are slaying an unofficial title anyway. After their 18-6 win over I.S.D. and then the Deaf's 14-13 victory over Jacksonville, fans around Waverly are claiming the championship of 11-man football in Morgan county.

PUBLIC FARM SALE

The 320 acre farm of the late Minnie E. Strang will be sold at public auction by the Master in Chancery of the Circuit Court of Greene County, Illinois at the North front door of the Courthouse in Carrollton, Illinois, on

Tuesday, November 1st, 1949

at the hour of 2:00 o'clock P.M.

This is an excellent farm, located in Linder and Rockbridge Townships, Greene County, Illinois, in a good farming community, some 7 miles East of Carrollton, Illinois, and 4 miles West of Greenfield, Illinois, on State Highway No. 108. gave the Irish a walloping vote. Notre Dame received 146 of 179 first place votes and a 200-point lead over Army, which hung on to second place, with Minnesota hurdlings Oklahoma to take third.

Finishing out the top ten, in order, are: Oklahoma, California, North Carolina, Kentucky, Cornell, Rice and Texas.

Three newcomers are Cornell, Rice and Texas. They showed out Michigan, the mythical national champion, Tulane and Southern Methodist, the most distinguished upset victims.

Michigan, beaten by Northwestern for its second defeat in a row, dropped to 12th. Tulane fell from fourth to 20th. S.M.U., subdued by Rice, plummeted from 19th to 17th.

Notre Dame is idle Saturday, enjoying an open date before its Oct. 29 engagement with Navy at Baltimore. The South Benders' main challenges for national honors will all be busy — Minnesota, Kentucky, Texas and Rice perhaps busier than the rest.

Rice, No. 9, and Texas, No. 10, clash at Austin in the only game involving two members of the top ten. Minnesota, No. 3, plays Michigan, and Kentucky, No. 7, meets S.M.U. on the rebound.

Army figures to have little trouble with Columbia. Oklahoma, No. 4, goes against Nebraska. California, No. 5, plays a Washington team that has lost three in a row. North Carolina, No. 6, meets Louisiana State. Cornell, No. 8, opposes Princeton.

Notre Dame polled 1,745 votes compared with 1,552 for Army. Both Minnesota and Oklahoma polled more than 1,000 but none approached the Irish first place ballot.

Patty Berg Takes Medalist Honors In Women's Golf

Fort Smith, Ark., Oct. 18.—(AP)—Defending Champion Patty Berg fired a six-under-women's par 69 today to take medalist honors in the qualifying round of the Hard-scrabble Women open golf tournament.

The seasoned Minneapolis campaigner ran into difficulty on the 18th hole and blew her chances of chalking up a lower score. Miss Berg's score was two under men's par for the 18-hole, 6,495 yard course.

First round play will be run off tomorrow. Quarterfinals will be played Thursday, semi-finals Friday and finals Saturday.

About 70 golfers, including some of the nation's outstanding women players, are entered in the fifth annual event held at Hard-scrabble country club.

Ring Goes In Ring But Finally Gets Back To Owner

New York, Oct. 18.—(AP)—Mrs. Mathilda Brunner lost a \$3,000 diamond ring from her handbag a week ago.

It was found by Mrs. Clotilde Martin, who went to a police station to turn it in—and lost it on the way.

Miss Sophie Murphy found it in a cafeteria and handed it over to the manager.

The manager remembered seeing Mrs. Martin show it to some friends. Mrs. Martin got a phone call from the manager, the police got a call from Mrs. Martin, Mrs. Brunner got a call from the police, and today—Mrs. Martin got a \$100 reward, Miss Murphy got \$20 and Mrs. Brunner got her ring back. She slipped it onto a finger. Firmly.

Loss Of Deception Cited For Michigan Football Downfall

Chicago, Oct. 18.—(AP)—Is the magic gone from Michigan's once-bewildering football attack?

Deception was the key-note of the Wolverine offensive which swept to undefeated seasons the past two years. Magical Michigan it was which won the Rose Bowl title in 1947 and the national championship in 1948.

But Northwestern wasn't fooled last Saturday as the Wildcats tripped Michigan, 21-20, for the Wolverines' second straight defeat. Neither apparently was Army the Saturday before when it snapped Michigan's 25-game winning streak, 21-7.

Northwestern coach Bob Voigts told the Chicago football writers today: "Michigan still is a good football team, but its deception isn't quite as good as before. We didn't seem fooled as easily Saturday as in our two previous games with Michigan."

The Wildcats refused to let Michigan get the jump on them. That made a big difference, according to Voigts, because when the Wolverines are behind they play more cautiously, with straight, sound football.

"When they get 14 points ahead," continued Voigts, "Look out, because Michigan cuts loose with its fancy stuff then, and an opponent has to wonder what's coming next."

A big Michigan weakness, Voigts said, is that the Wolverines still are looking for a quarterback to measure up to Pete Elliott and Howard Yerges, master strategists of the past two seasons.

Voigts asserted, however, that Michigan may cause unbeaten Minnesota some trouble in their little brown jug meeting at Ann Arbor Saturday. "Michigan will be ready for the Gophers," he said, "but whether it can win is conjectural. Minnesota has quite a football team." (Northwestern lost to Minnesota, 21-7, two Saturdays ago.)

White Sox Trade Tipton To A's For Nelson Fox

Chicago, Oct. 18.—(AP)—The Chicago White Sox today announced trade of Catcher Joe Tipton to the Philadelphia Athletics for Second Baseman Nelson Fox in a straight player deal.

Tipton batted .304 last season, playing in 67 games. He was acquired by the Sox from the Cleveland Indians in exchange for Pitcher Joe Haynes last November.

Fox, a 21-year-old rookie, batted .254 for the Athletics in 88 games this year.

The swap was believed the first step in a Sox move to put their American league all-star second baseman Cass Michaels on the market with hopes of landing three or four good players in return.

With Michaels as bait, the Sox would figure on grabbing a catcher, among others, to bolster that department. With Tipton gone, Rookie Eddie Malone and Don Wheeler remain as the ranking Sox receivers.

Keeshin Lines File Plan To Reorganize And Pay Creditors

Chicago, Oct. 18.—(AP)—An amended plan of reorganization for the Keeshin freight lines, proposing payment of \$1,700,000 to satisfy creditors, today was filed in Federal Court by the trustees.

Daniel D. Carmell and William F. Drohan, trustees, said D. D. Walker and associates of St. Louis have increased a previous offer of \$1,414,000 for the four companies which make up the freight system.

Previously Federal Judge Walter J. Labay refused to accept the plan, holding that the valuation was too low. He also has refused to approve a plan proposed by John L. Keeshin, former head of the freight system, and David H. Ratner.

The amended plan submitted today would provide sufficient capital to pay in full all creditors of the operating companies and leave a residue between \$150,000 and \$200,000 for note holders of the Keeshin Freight Lines, Inc., the holding concern.

DIX LEAVES \$100,000

Los Angeles, Oct. 18.—(AP)—Actor Richard Dix's will, leaving an estate of more than \$100,000 to his widow and four children, was admitted to probate today.

Leading Jockey Breaks Collarbone

New York, Oct. 18.—(AP)—Gordon Glisson, the "golden boy" of horse racing who became the nation's leading rider this year in his first full season as a jockey, suffered a fractured collarbone today in a spill at Jamaica.

The 19-year-old rider from Winstonsboro, S. C., was tossed over the shoulder of Samuel C. Back's Marine Compo which stumbled during the running of the third race. Glisson's biggest victory was in the \$100,000 Santa Anita derby last winter, when he rode Moores' Old Rockport to an upset win over Fred W. Hooper's Olympia.

Gophers Drill For Michigan Meeting

Minneapolis, Oct. 18.—(AP)—The steadily-improving Minnesota Gophers worked until darkness fell tonight, with head coach Bernie Bierman offering sharply critical comments on his football regulars' showing against Michigan offensive formations.

Bierman made the workout a stiff one. His varsity reserves ran through Wolverine plays, while the first and second teams alternated on defense against them. In between, the regulars jogged around the Northrop field track.

Santa Clara Is Again Spoil-Sport Of The Gridiron

Santa Clara, Calif., Oct. 18.—(AP)—Santa Clara again is the spoil-sport of the gridiron.

The University of California at Los Angeles (UCLA) was the first potential bowl-bound team to get the Broncs' cheer this year. The Santa Clarans upset the previously undefeated UCLAn's last Saturday in Los Angeles, 14-0.

Last year, big Oklahoma and Michigan State came A-croppers to the underdog Santa Clarans.

In the season opener for both teams, Santa Clara rapped Oklahoma 20-17. Oklahoma went on from there to sweep the rest of their games, win in the Sugar Bowl and be ranked fifth in the nation.

Michigan State, rated eleventh in the country, came out here looking for a bowl bid—after a win over the Broncs. That one ended 21-21. There was no bowl bid.

Three potential bowl elevens are still ahead on the Broncs' 1949 schedule—Stanford, U. S. C. and Oklahoma. The game against the latter will be at Norman, Okla., Nov. 19. Each of the three isn't taking Santa Clara lightly. The Broncs have a reputation now.

Ice cubes now can be supplied continuously by individual cube freezers, which move in unending procession around a circular channel, dumping their frozen loads into either a storage space or an ice-shaving machine, as the operator wishes.

Probably life of fabrics at points of wear now can be determined electrically and accurately without injury to the goods. The rate of wear is determined by measuring the "electrical capacity" of the cloth in use at regular intervals.

Gophers Top Big Ten In Offense, Defense

Chicago, Oct. 18.—(AP)—A good offense is the best defense, the grid adds goes, but undefeated Minnesota works it both ways.

The grinding Gophers will carry the Big Ten's leading defense and strongest running attack into their third conference start against defending champion Michigan at Ann Arbor Saturday.

Ohio State, trimmed 27-0 by Minnesota last Saturday, possesses the league's best combined ground-passing record.

Official league statistics released today showed the Gophers have yielded an average of only 72 yards by rushing and 123.5 by passing in two league contests against Northwestern and the Buckeyes. Ohio rushed only 48 yards against the Gophers.

That gave the huge Minnesota defenders an over-all average of 195.5 yards surrendered, the only sub-200 total in the conference. On the attack, the Gophers have averaged 282.5 yards per game on the ground, the Big Ten's best rushing game since Michigan's 329-yard performance in its 1943 title push.

Ohio maintained its over-all offensive leadership with a 379-yard average in two games, 174-5 by rushing and 204.5 by passing, the most potent aerial attack in modern conference skirmishing. Ohio played Indiana before meeting Minnesota in league competition.

Although Ohio has completed an average of 12 passes in 25 passes per game, the league's most accurate passing team is Northwestern with an average of seven completions in 13 attempts for a .564 per game percentage. The league record for team passing is .509 set by Illinois in 1947.

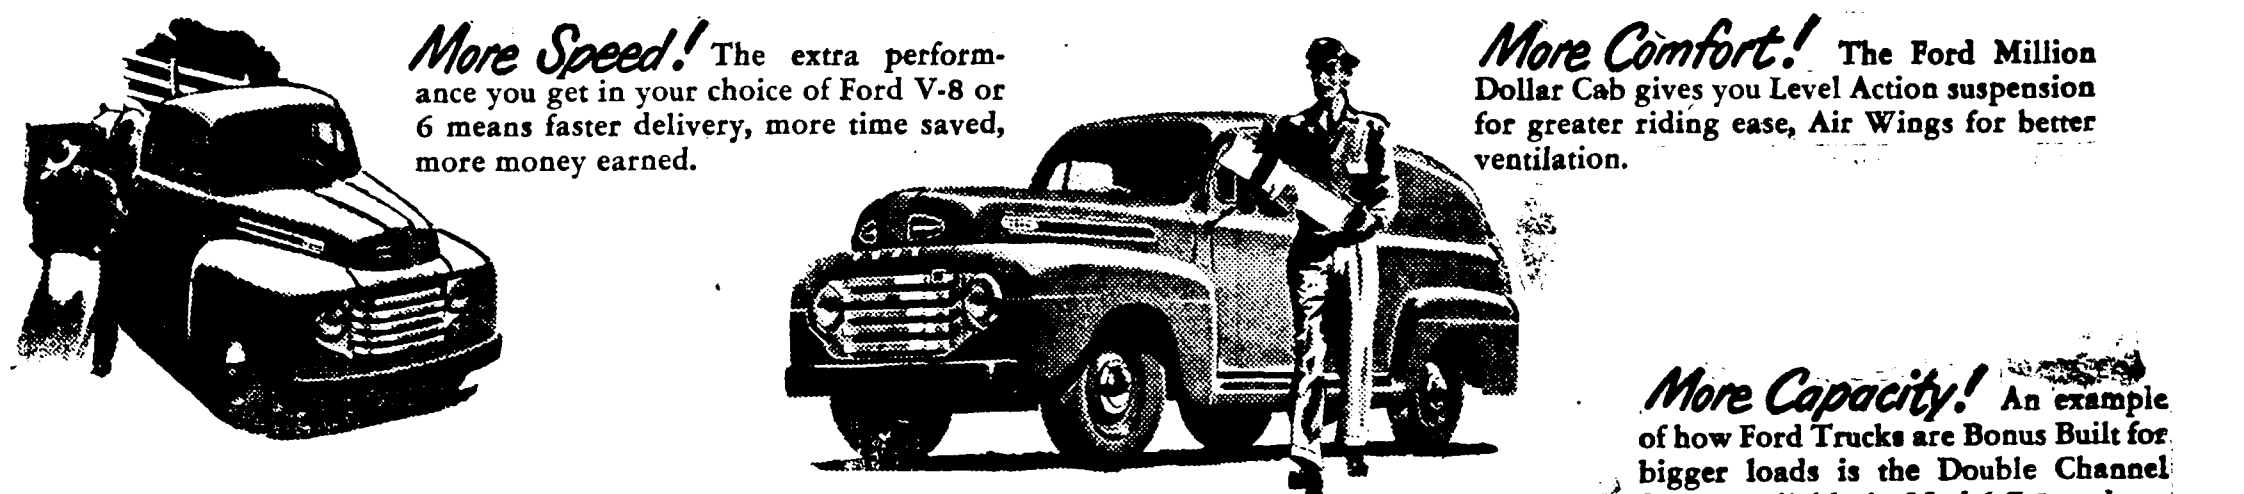

Suggests Army, Notre Dame Play In Orange Bowl

Miami, Fla., Oct. 18.—(AP)—Jimmy Burns, Miami Herald sports editor, tonight suggested Army play Notre Dame in the Orange Bowl on Jan. 1, 1950.

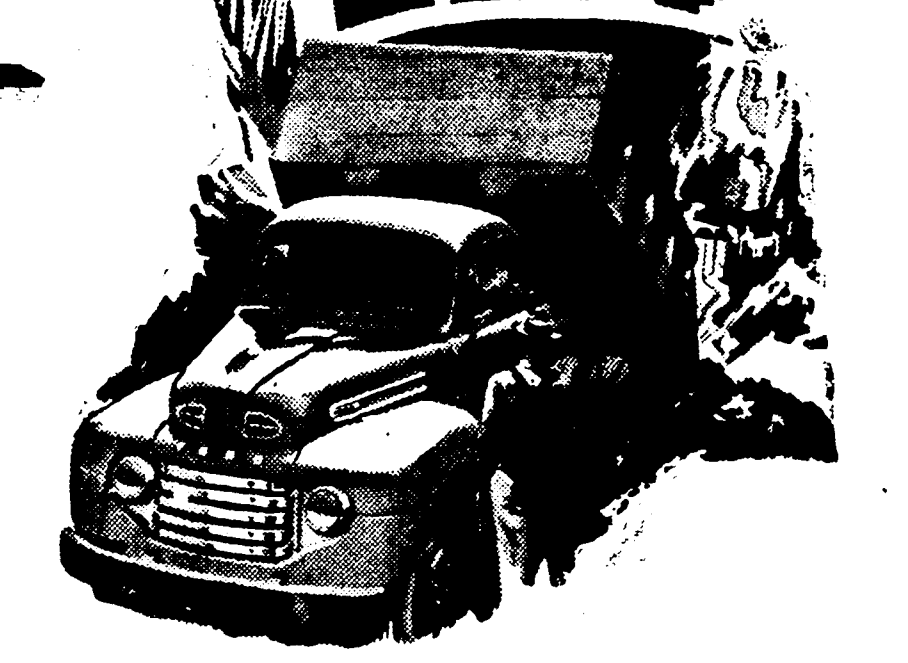

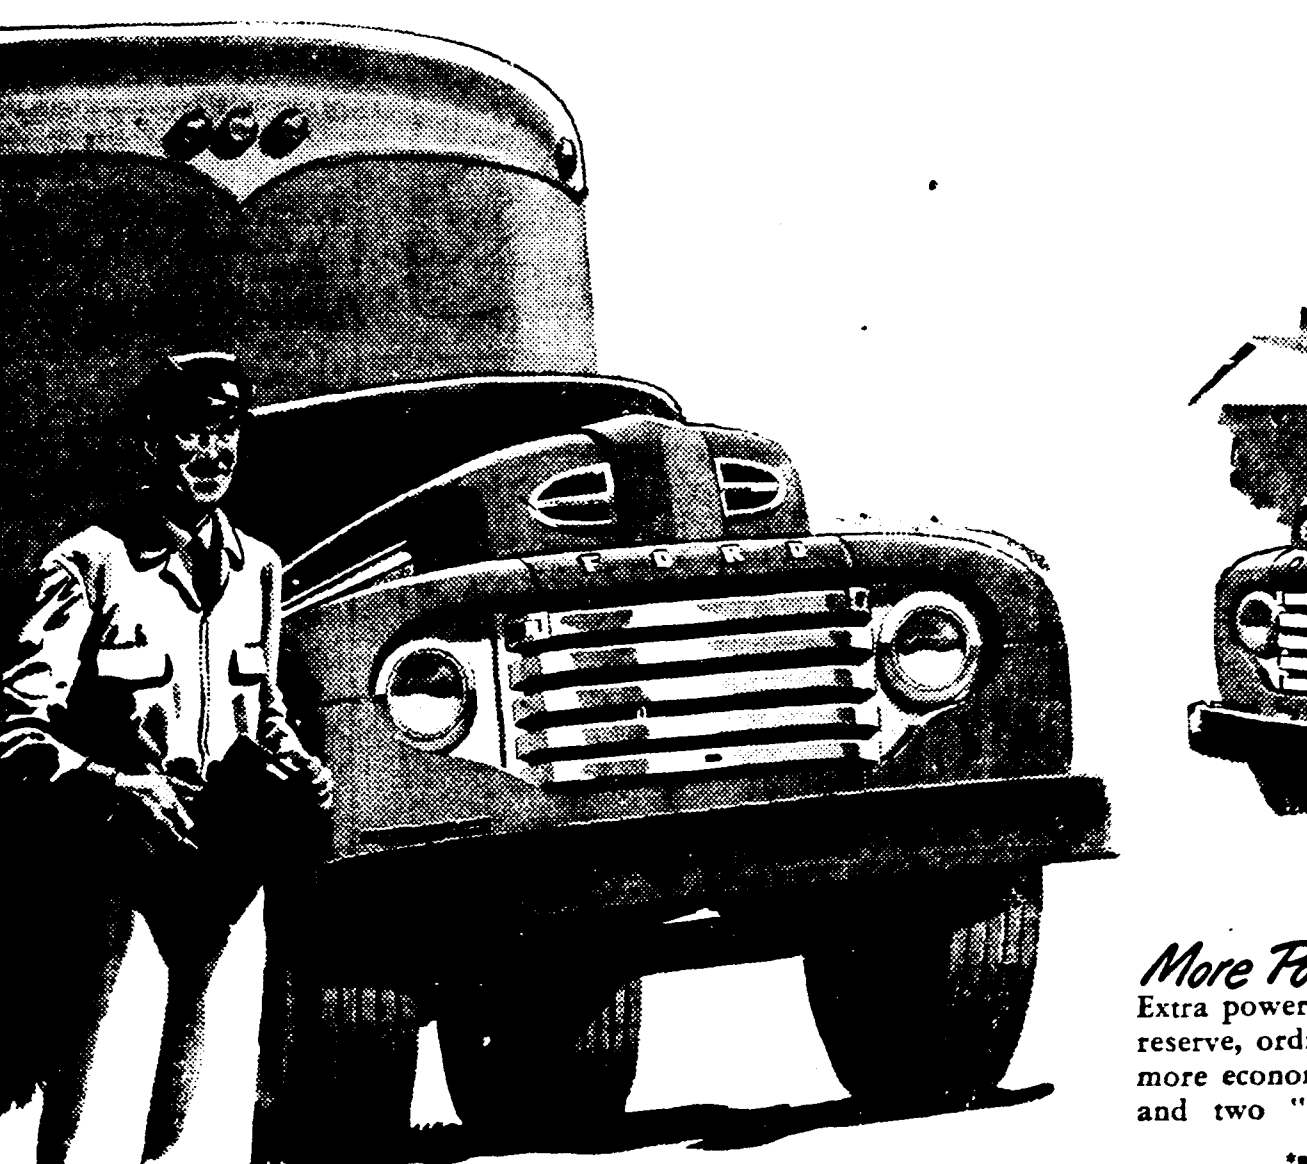

"Maybe it's rushing the season—advising the Orange Bowl committee on which teams to select for its New Year's game—but why not try for Army vs. Notre Dame?" Burns wrote in his column, Spotting Sports.

"The OBC could at least make inquiries," he continued. "My information is that the Army wouldn't be adverse to such an invitation. Certainly, it's worth trying. It's a game which would have to be sought early."

TWO THEATER
TELEVISION METHODS
New York—P—Two methods
have been developed and applied in
theater screen size projection of
television.
One of them, the direct method,
contains special high voltage re-
ceiving tube with a reflecting lens
system to blow up the image as it
travels to a 13 by 20 foot screen of
larger. The tube requires 80,000
volts or more to supply the proper
light.
The other system, indirect, uses a
high speed film process. The re-
ceived image is photographed on
special motion picture film passed
immediately through a developer
and then into a projector and onto

ROBOT COAL MINERS
Philadelphia—P—Lizard-like
machines that cut and load soft
coal at a rate of more than a ton
a minute, electric locomotives for
subterranean chambers, and au-
tomatic timber setters are among
mechanical devices now aiding coal
producers to increase mine safety,
cut costs and accelerate mining.
"The next few years may see vir-
tually all coal mined by machines
that eliminate such time-consuming
operations as drilling, blasting, and
hand-loading," says Richard H. De-
Mott, vice president of SKF Indus-
tries, Inc.
Recent mechanical innovations in-
clude machines that can load up to
10 tons of loose coal per minute;
packaged processing units that clean,
wash and size up to 100 tons an
hour, "pin-up" roofing equipment
which drive strengthening rods in-
to mine roofs.
If the foot is removed slowly from
the accelerator, oil may be pre-
vented from being drawn up freely
into an automobile's cylinders.

Someone to Love

By IRENE LONNEN ERNHART Copyright, 1949, NEA SERVICE, INC.

THE STORY: Jenny's marriage to
Tod Duncan has been unhappy
because of Liz Conover. Liz fitted
Tod, Tod married Jenny and now
Liz is after Tod again. At first
there were financial difficulties,
the arrival of twins, Dale and
Philip, and a housing shortage.
But all things ended when Liz
left Tod a job with her father's
firm. Tod, a former All-American
football player, becomes a
topic of gossip when he is seen
escorting Liz places. Tod insist-
ed he must see Liz when they work
in the same office. Tod buys a
home and there is a housewarming
party. Jenny and one of Tod's old
friends, Rick Morris, slip off to
look in on the twins when they
overhear a conversation across
the hall from the nursery.

XXVI
"I DO feel sorry for Tod!" It
was Liz's voice, husky and
low. "I really do. Because it's my
fault he married Jenny to begin
with."

"Has he made up his mind to
ask her for a divorce?" someone
else said.
Liz's answer was not direct, but
it might as well have been. "He
certainly can't go on for the rest
of his life like this," she said.

There was a short silence. Jen-
ny's knees were trembling, and
the dimly lit nursery spun around
her.
"Don't you suppose she knows
he's not in love with her?"
"Of course!" Liz exclaimed.
"She knew very well he wasn't
in love with her when he married
her, but she was always crazy
about him."

"I suppose now that he's really
making money she'll be hard to
get rid of."
"He'll have to pay her off,
naturally. She never did have
anything before she married him.
You know where she came from,
grew up down there in the ratty
end of town. Her family didn't
amount to anything."

Jenny couldn't bear any more.
She brushed past Rick, out into
the hall and fled down the back
stairs, her whole body hot and
trembling.
Rick caught up with her at the

screen. The elapsed time be-
tween received picture and the pro-
jection has been reduced to 20 sec-
onds.

JOE'S FRUITS & VEGETABLES
A man in a suit and tie stands
behind a counter, looking at a
customer who is holding a basket
of fruit. The man behind the
counter is looking at the customer
with a surprised expression.
The customer is looking at the
man behind the counter with a
surprised expression.

"I hope you don't mind—I can't afford models!"

"What difference does it make?"
"What difference? It makes a
great deal of difference. This party
wasn't strictly for social reasons,
you know. There were several
people here that Liz thought could
do a lot for me."

"Liz!" Jenny flung the name at
him. "Always Liz!"
"Oh, so that was it. Jealousy."
"No, that wasn't it!" Jenny said.
She would have liked to pick up
something and hit him with it.
The rage that sprang through her
was frightening. "I'm not jealous
of Liz! I'm just disgusted and
sickened all the way through by
the mess we've made. I've known
all along that our marriage was a
failure, but it took tonight to make
me face it."

"Jenny!" Tod exclaimed. The
words were full of shocked dis-
belief. "What's come over you?"
"Just this, Tod. I want you to
give me a divorce."

"A divorce?" He stared at her
stupidly, as though he couldn't
quite believe he had heard her
say it.
"Yes, a divorce!" A vague sort
of relief replaced her anger now.
It was as though a long period of
hidden tension were somehow
ended. But Tod's next words shat-
tered the relief as suddenly as it
had come.
"So you can marry Rick?"
"No!" Jenny cried. "So that you
can marry your precious Liz!"

TOD turned away and fumbled
in a small white porcelain box
on a table for a cigarette. He lit it
carefully.
"I don't understand what
brought this on Jenny." His voice
had lost its thickness now. "Some-
thing must have happened tonight
that I don't know about."

"Something did, Tod. I realized
tonight that you've never been in
love with me. You've never gotten
over Liz."

Tod still stood with his back to
her, smoking, his big shoulders
hunched. He didn't turn or reply
immediately. The silence was
tense while Jenny waited vainly
for him to deny her words.

"Lucky" Hawkins Will Be Tried For Murder At Jerseyville, Illinois

Dalhart, Tex., Oct. 18—(AP)—District Attorney Floyd H. Richards said today an agreement had been reached with Illinois officials for Leonard (Lucky) Hawkins to be tried in that state for murder.

Richards said Hawkins had waived extradition to Jerseyville, Ill., where he is wanted for the slaying of Alfred Clark, 34, of Boise City, Okla.

Hawkins was captured yesterday.

Richards said the accord was reached with State's Attorney Alvin H. Pettit of Jerseyville. He said Texas agreed to release Hawkins for trial on the murder charge. Illinois, in turn, agreed to return Hawkins to Dumas, Moore county, for trial on an armed robbery charge if he isn't given a heavy penalty on the murder charge, Richards said.

Hawkins is charged with robbing Oda Benson of Dalhart on Oct. 8. A little boy brought about Hawkins' arrest.

"There's a man out there who wants some matches," John William Smith, 10, told his mother yesterday. "I think he's the man they're looking for."

Eight officers flushed the one-time Bush league baseball player from his hiding place in a clump of trees near Middle Water, Texas, 20 miles southwest of here.

Hawkins, 34, is charged with murder in the shooting of Alfred Clark, 23, of Boise City, Okla. Clark's body was found last Wednesday near Jerseyville, Ill., sprawled beside a country road.

Officers found a .32 caliber automatic pistol in the waistband of Hawkins' trousers, but he offered no resistance.

Texas Ranger Captain Bob Crowder, said Hawkins told officers the shooting of Clark was an accident.

Clark was lured from his job in Clayton, N. M., by a man who offered to split a set of World Series tickets with him, if Clark would use his car for the trip to St. Louis, where they believed the series would be played.

A farmer found Clark's body beside a country road near Jerseyville Wednesday.

Juanita Groves, 19, of Dalhart, tipped officers that Hawkins was in the Texas Panhandle. She said she had known the man in New Mexico and Montana and that she had been kidnapped in a car containing papers which identified it as Clark's.

The girl said she escaped at Vega, Texas, by hitting Hawkins on the head with a fire extinguisher.

Hawkins appeared Saturday in a Dalhart restaurant where the girl was eating breakfast. He was carrying a pistol.

She screamed and fled to the rear of the cafe, with Hawkins in pursuit. Cook Jack Woodruff tangled with Hawkins in the kitchen. Hawkins clouted the cook on the head with his pistol and got away. The girl escaped in the confusion.

Hawkins appeared again late Saturday night at a Dalhart liquor store.

That was his last appearance until his arrest.

Amateur Program Given At Meeting Of Mound Club

An amateur program highlighted the meeting of the Mound Woman's Country club, held at the home of Mrs. Raymond Vasey, west of the city.

Five original skits, including "The Kitchen Queen's Band," "The Novellette and Poetry Club," "The Betty Crocker Hour," "Tea Room Minstrelles" and "Dance of the Nymphs," were presented.

Between skits, special contests and comedies were conducted by the committee. Mrs. Elizabeth Lazenby and Miss Leah Caldwell had charge of the program.

During the business session, presided over by Mrs. Anna Coultas, president, planting trees as memorials to deceased members was discussed.

Refreshments in keeping with the fall season were served. Guests were Mrs. Claude Vasey, Mrs. Dale Mawson, Mrs. Mary Mawson, Mrs. Herbert Mawson and Mrs. Dwight Fulkeison.

TOO MUCH OF A GOOD THING

By The Journal Courier Farm Editor

While much of the world suffers from insufficient food, downright hunger in many lands, Illinois is again suffering from her intermittent malady, overabundance.

Two good corn crops in a row during peace times always brings this condition.

Although Morgan county production isn't up to last year's "once-in-a-lifetime" crop, government estimators say the total harvest will equal and maybe exceed the 1948 harvest.

So the Midwest is bursting with corn. There never has been so much.

Corn production this year is guessed at 3,477,000,000 bushels. From the 1948 crop there are about 600,000,000 bushels still left. That gives a total corn supply of 4,000,000,000 bushels, by far the largest.

Having too much corn isn't new to Illinois. More than a 100 years ago an eastern visitor traveled up the Illinois. He saw corn, corn and corn, and listened to the wails of hard times.

The corn was stored in pole or rail pens, usually located on a high spot near some small creek or stream. Many of them were identical with the rail crib shown in the accompanying photograph, which sits on a sandy knoll on the Ray Lovekamp farm north of Arenzville.

Other members are State Senators D. Logan Giffin, Springfield; Albert S. Smith, Decatur; and Norman Barry, Chicago, and State Representatives Paul Taylor, Effingham; James W. Karber, Ridgway, and Marvin F. Burt, Freeport.

"There is, perhaps, no part of the world where the husbandman labors less, and reaps more, than through-out a great portion of this fine state, on which nature has bestowed her most exuberant bounties.

"But, strange to say, I found the good-hearted people, almost without exception, complaining of 'hard times,' no arising, however, from the usual sources of war, famine, or pestilence, but from actual abundance. They had more than they knew what to do with, and it was an apt, though melancholy commentary on the wisdom of man, as well as the providence of human legislation, that while the citizens of Illinois, and, indeed, the entire great western valley, were overburdened with the necessities of life, a great portion of the laboring poor of England were starving for want of them, simply because their rulers had virtually prohibited one country from relieving the necessities of the other.

"But the high duties on flour, grain and provisions, the wants of the poor of England might and would be greatly relieved by the superabundance of the United States, and thus the blessings of Providence bestowed on one country be disseminated among others. But legislators, renowned for their far-reaching sagacity, have decreed

only one exception.

"But be this as it may, I passed over a vast region where the table of every man groaned under superfluities, and every brood of swine wasted more corn than would supply bread to a family of English manufacturers. Yet I found all, without exception, in the last stage of hopeless despondency, until one day I entered the log-cabin of an old Negro woman, a slave, who was enjoying her pipe at ease, and upon asking the usual commonplace question of 'how times went with her,'

was answered with the most cheerful alacrity—'O bravely, massa. Hens 'gin to lay finally.' We hear of nations suffering from famine, but my unfortunate countrymen complain of nothing but plenty."

The farmers of this area are certainly "overburdened with superfluity."

Their cribs, adequate for ordinary years, are filled with last year's crop. And another excellent crop waits in the field.

Future articles and photographs in the Journal Courier will show how the farmers are working to solve an enormous problem, storage for "too much corn."

otherwise; and the plenty which might become a universal blessing, is made a burthen to one country, while useless to all the rest of the world. . . .

"Overburdened With Superfluity"

"If ever miser were pardoned for coveting his neighbors land, it might be such land as the prairies of Illinois, where man labors almost without the sweat of his brow, and the crops are so abundant that all I heard the good people complain of was having more than they knew what to do with. This is indeed a lamentable state of things, and it were I think much to be wished that some of our philosophical lectures would discuss the relative advantages of having too much and too little of a good thing. The case of an individual being overburdened with superfluity, is easily disposed of, as he has only to turn it over to his neighbors who may be in want; but when entire communities, states and confederations of state, labor under this inconvenience, where nobody wants, and all have plenty to bestow; in other words, where all wish to sell and nobody cares to buy, it must be confessed there occurs a crisis of such deplorable difficulty, that I can conceive no effectual remedy except to two or three years of famine like those which succeeded the seven years of plenty in Egypt. This would consume the mischievous surplus, and rid them of an evil which as it never before occurred, has never been provided against by the wisdom of legislation, which most people believe can perform impossibilities.

Only One Exception

"But be this as it may, I passed over a vast region where the table of every man groaned under superfluities, and every brood of swine wasted more corn than would supply bread to a family of English manufacturers. Yet I found all, without exception, in the last stage of hopeless despondency, until one day I entered the log-cabin of an old Negro woman, a slave, who was enjoying her pipe at ease, and upon asking the usual commonplace question of 'how times went with her,'

Reorganization Of Schools In Scott, Told In Article

Winchester—Articles of interest to Scott county residents, relative to school reorganization, appear in the October issue of the Illinois Education magazine, official publication of the Illinois Education association.

An article written by M. F. Fullmer, superintendent of Community Unit School District No. 1, Scott county, presents the progress of the schools in the county since the reorganization took place on Aug. 2, 1947. The article tells many facts regarding the school district and lists many of the projects which have been made possible through school reorganization. Several attractive pictures of schools and school activities in Scott county appear with Mr. Fullmer's article.

Vernon L. Nickell, superintendent of Public Instruction, also has an article in this issue which presents school reorganization in the State of Illinois as of June 30, 1949. He states that "Illinois school reorganization is so rapid that even the superintendent cannot keep up."

This statement is evidenced by the fact that in 1943 there were 11,906 administrative school districts and that today that number has been reduced to 5,735 districts. Other interesting facts and information regarding average assessed valuation per unit, average number of pupils per unit, and average square miles per unit is contained in Mr. Nickell's article.

Persons interested in the progress of school reorganization may obtain a copy of the October issue of Illinois Education from any teacher in the Scott county school system.
